Appendix 1. Simulation-based learning questionnaire

Simulator-based learning

Top of Form

Personal information: Sex F/M, Age _____, Driver licence Yes/No

What is your year of residency? _____

Have you studied abroad? (Erasmus)? Yes/No

Have you carried out volunteering activities (i.e. SMURD)?

Do you find simulator –based learning useful?

Totally agree Agree Disagree Strongly disagree Don't know

In which year of residency is most appropriate?

Totally agree Agree Disagree Strongly disagree Don't know

Do you consider that the simulation sessions should be mandatory included in residency training?

Totally agree Agree Disagree Strongly disagree Don't know

How often do you think are needed simulator –based learning sessions?

Totally agree Agree Disagree Strongly disagree Don't know

Do you consider that simulator learning sessions will help you to reinforce concepts taught in theoretical courses?

Totally agree Agree Disagree Strongly disagree Don't know

Do you consider that your learning sessions on the simulator will help you improve your skills?

Totally agree Agree Disagree Strongly disagree Don't know

Do you consider that simulator learning sessions will help you to understand better clinical scenarios?

Totally agree Agree Disagree Strongly disagree Don't know

Do you consider that simulator learning sessions will help you to understand the work team concept?

Totally agree Agree Disagree Strongly disagree Don't know

Do you consider that your learning sessions on the simulator will improve communication skills?

Totally agree Agree Disagree Strongly disagree Don't know

Do you consider that simulator learning sessions will help you make a faster medical decision?

Totally agree Agree Disagree Strongly disagree Don't know

Do you prefer internet (you tube movies) instead of simulation session?

Totally agree Agree Disagree Strongly disagree Don't know

Do you think the information's acquired in the simulation sessions will help your future practice?

Totally agree Agree Disagree Strongly disagree Don't know

What topic would you like to be addressed during simulation sessions?
